

Development area

Positive comments

Negative with reasoning

Negative/Negative

Fly Field/Bar Close 2	Good site with proper access		No don't need a new College
	Yes good site		No
	Yes, Mega near school, fits into village. Would not impact on traffic.	No too remote, to large.	
	Suitable offers schools facilities	Too far out of village	
	Ok for development least impact on village	Development on this site is too large. A smaller development on this site would be acceptable, but extending to the wooded area to the North. This would have a negative effect on the countryside.	
	Unclear if this is intended for a relocation of College or some other provision. Either way it seems suitable but might impact on sites 4 & 5	No. Looks logical on paper, but some of the best rural views in Thurston would be lost. Meadow Lane would also be utterly spoilt.	
	Yes. 3 sides do not have significant adjoining properties.	Poor location with regards to the main village. The College divides the site from the main village.	
		No a lovely view, roads totally inadequate.	
		Not suitable for development beautiful views across Pakenham	
		No There will be no where to walk in the countryside	
		Natural beautiful views to precious to loose
