

PROPOSED ROAD HUMPS AND RAISED TABLE ZEBRA CROSSINGS ON NORTON ROAD, THURSTON

Statement of Reasons

Suffolk County Council proposes to construct two raised table zebra crossings and six road humps at various locations on Norton Road, Thurston. It is proposed that the zebra crossings are to provide a safe pedestrian crossing link across Norton Road and in particular between housing and the new Thurston Academy.

This will encourage drivers to travel at their slowest at the same point where pedestrians using the zebra crossings. It is one of the best ways to maximise crossing safety for pedestrians.

The reasons for these proposals are to avoid danger to people or other traffic using the above roads, or any other road, or to prevent the likelihood of any such danger arising and to create a safer environment throughout the above roads and to encourage and facilitate pedestrian and cyclist movements.
