A local authority must prepare a report for any financial year in which it receives CIL 'funding'. A local council receives 15% (or 25% if it has a Neighbourhood Plan) of CIL receipts for its area and must use CIL receipts passed to it for a) the provision, improvement, replacement, operation or maintenance of infrastructure; or b) anything else that is concerned with addressing the demands that development places on an area.

This report should be published by the local council on its website and a copy submitted to the charging authority from which it received the CIL receipts, no later than 31st December following the reported year.
