It was noted that movement between reserve allocation would require full Council approval.

**12. COUNCILLOR REPORTS:**

- a) To report village matters of concern to the Clerk:
- 50% of the drains from Ixworth Road down to Station Hill blocked and silted. *Clerk made the meeting aware of comments from SCC Highways which had stated that whilst they noted standing water at these points, they cannot raise a reactive order at this time due to the category of road beyond a CAT 7 order for potential future works. The drains themselves seem to take the water and the issue seems to be in their downstream outfalls as the standing water does clear, albeit rather slowly. They are liaising with the various developers in Thurston for general improvements and upgrades to various Highways Drains and have flagged this location up – although it is one of the locations our Development Control Team are aware of. They have asked that the Assessment Officer who covers Thurston to monitor this area – if the situation deteriorates reactive gully jetting/clearing can be ordered. Their contractors are due to visit this location in early summer, regardless of any further reports as part of their annual jetting program.*
  - Photos of potholes in New Road and Barton Road had been submitted to the Clerk for onward submission to Highways.
  - Bovis – potential issues regarding dust control. *Cllrs Cornell and West to keep the Clerk informed if these issues continue.*
  - Stoney Lane – potholes and subsidence.
  - Hopkins site – potential issues with future maintenance along between Victoria Pub and Highfields given the location of fencing and maintenance.
  - Norton Road – staggering of parking along Norton Road – no clear road markings etc – issues for aggregate vehicles moving through the village.
  - Thedwastre Road – over bridge 3 large potholes, road subsiding – *as this had been reported many times previously how can the PC ensure action is now taken?*
  - New Green – path across New Green – drains fully blocked.

**13. CLERK'S REPORT - to receive the Clerks report and in particular:**

- a) to receive the reports of items actioned under delegated powers – the Clerk advised the meeting that the day to day running of the council was continuing and that in particular the following had been either addressed or flagged up to other agencies for action:
- SCC - Potholes and edge of road disintegration – the Clerk made the meeting aware of email correspondence with SCC Highways Transport Policy and Development Manager in which photos of potholes and verges breaking up were shared. This was in direct response to the comment from the Manager that the reports he had had back from two engineers who independently visited site did not note any significant defects. It was agreed that accurate locations would be shared to ensure that they have not missed anything.
  - BMSDC - tree, hedge and wildflower planting for Parishes – the Clerk informed the meeting that she had circulated to the Deputy for an agenda item at the next Climate Awareness and Environment Committee Meeting, the offer of free trees and hedgerow plants to all their parishes - regardless of whether they are being planted on council, parish, church, or private land. This was time limited and the Committee would be looking at this at the meeting in May.
  - Recreation Ground Trees – the meeting noted that the quote and site-specific risk assessment for tree works at the Recreation Ground, IP31 3RU had now been received. This would be reviewed and brought back to the Council for formal approval of those works that had been identified as of an urgent nature.
  - VAS – data shared with Council showed that the majority of those along Barton Road were below the 85<sup>th</sup> percentile although there were occasions when significant inappropriate speeds were being deployed along this road. All in agreement for Barton Road to be submitted for assessment for trialling the use of Automatic Number Plate Recognition (ANPR) cameras to tackle speeding hot spots across the county.
  - Primary School – new location Norton Road – in response to questions raised by the Clerk, it was confirmed by SCC Highways Department that the design for the Zebra crossings on Norton Road has been completed and currently with the road safety audit team. All have been reminded of the importance of the delivery for before the school opens so the programme is to construct

these by this August. When asked if those children accessing the school on foot from the east of the village would be able to traverse through the Hopkins Homes site, SCC Highways stated that “we are checking with Hopkins Homes to see if the route through the site from the east will be completed; I will update you when we receive a reply”.

- Footpath on Norton Road (Linden Homes condition) – when asked by the Clerk as to whether the footpath was now regarded as “ finished”, it was stated that Highways were speaking to Linden Homes and Lawrence homes to ensure they have a joined-up approach to this area (Lawrence Homes to date have not yet given an expected start date).
  - Impact of Poor Communication between Councillors and Officers on Staff and Working Practices with Local Councils – the Clerk confirmed that she had responded to a survey being undertaken by an undergraduate at Chichester College on this mater.
- b) Reducing Plastic Waste Initiative - to note the positioning of a mobile refill shop offering affordable sustainable eco household cleaning and personal care products to local communities will be stationed in the New Green Car Park on every 3<sup>rd</sup> Thursday of the month.

As such the Emergency Planning Meeting scheduled for 12<sup>th</sup> May 2021 will be cancelled and the Climate Awareness and Environmental Committee Meeting will move to 6.00pm on 19<sup>th</sup> May 2021 – venue to be confirmed.

**15. TO RESOLVE THAT UNDER THE PUBLIC BODIES (ADMISISON TO MEETINGS) ACT 1960, THE PUBLIC BE EXCLUDED FROM THE MEETING**

- a) DUE TO THE CONFIDENTIAL NATURE OF THE BUSINESS TO BE DISCUSSED IT WAS RESOLVED THAT MEMBERS OF THE PUBLIC BE EXCLUDED FROM THE MEETING AS PUBLICITY OF THE DISCUSION WAS LIKLEY TO PREJUDICE THE COMMERCIAL INTERESTS OF THE PARTIES INVOLVED – Land to the rear of the Community College – to consider further matters coming forth – it was agreed that there was merit in this being a separate meeting and that once the Clerk had discussed with the Infrastructure Officers at BMSDC the implications of CIL restrictions and how CIL could be accessed to obtain the land, a further meeting should be called to discuss this matter. It was also agreed that if CIL was being restricted there might be a reluctant to commit to the Public Works Loan Board to raise the funds required.
- b) DUE TO THE CONFIDENTIAL NATURE OF THE BUSINESS TO BE DISCUSSED AS IT WAS RESOLVED THAT MEMBERS OF THE PUBLIC BE EXCLUDED FROM THE MEETING TO PROGRESS A CONFIDENTIAL STAFFING MATTER AS INFORMATION ABOUT AN INDIVIDUAL MEMBER OF THE PUBLIC IS CONIDENTIAL BETWEEN THE COUNCIL AND THE STAFF MEMBER – to receive and consider the Clerk’s Annual review as carried out by the Chair of the Parish Council – the meeting considered the report from the Chair on the review that had been recently carried out. It was reported that the majority of targets set had been managed with the exception of succession planning given the Covid-19 pandemic and that overall the Clerk had carried out her role in an exemplary manner given the circumstances that had faced the council during the past year.

**16. CLOSURE OF THE MEETING** – there being no other business the meeting was closed at 20.33.
