## CIL SPENDING REVIEW – September 2022 for the year ending 31<sup>st</sup> March 2023

Neighbourhood CIL is governed by the CIL Regulations and the rate at which it is paid is set out in national legislation. For those Parish Councils with a made Neighbourhood Plan it is 25% (with no CAP) and for Parishes where is no made Neighbourhood Plan it is 15% subject to a cap which is set out nationally (in legislation). The cap is worked out at £100 index linked per occupied property within the parish. The cap rate is set for the year and changes on the 1<sup>st</sup> January each year. Thurston's NDP was adopted on the 24<sup>th</sup> October 2019. Any planning permission granted before that date will attract the 15% capped figure, anything granted after that date will attract the 25% uncapped figure.

		£4,755	£248,215	Balance after committed funds

(1) Thurston Parish Council – Dwelling number 1407 x £119.19 = £167,700.33 Cap amount allowed Apr – Sept 19/20 payment contribution collected for Thurston = £62,516.96 (£62,516.96 paid to parish). Oct – March 19/20 payment contribution collected for Thurston = £155,780.48 (£105,183.39 to be paid to parish) - **CAP resulted in parish not receiving £50,597.09**

(2) Parish payment entitlement for Thurston for 20/21 = £210,256.64 (number of occupied properties 1408 in Thurston x the cap rate £149.33. Parish percentage of Income received in April 2020 to Sept 2020, parish payment made in October to Thurston = £62,516.95. Parish percentage of Income received in October 2020 to March 2021, parish payment made in April to Thurston = £147,739.69. **CAP resulted in parish not receiving £62,516.95**

(3) MSDC did not pick up on the date change (from Local government financial year to 1<sup>st</sup> January) in 2020 and so the last Neighbourhood CIL parish payment of 20/21 made to the Parish Council was incorrect. MSDC overpaid £26,365.12 in April 2021. This means that the payment for April 2022 has been reduced by this amount.

Financial Year – April 1<sup>st</sup> 2021 to March 31<sup>st</sup> 2022. Cap calculation = No of occupied properties x Cap amount  
 Cap amount per occupied property: 01 January 2021 to 31 December 2021 = £149.33 & 01 January 2022 to 31 December 2022 = £148.21. Thurston property numbers: 01 April 2021 to 30 September 2021 = 1480; 01 October 2021 to 31 March 2022 = 1580. Thurston Cap amount: 01 April 2021 to 31 March 2022 = 228,018.10. Thurston Neighbourhood Parish Payments – 21/22: October payment = £160,177.08. April payment = £43,508.94 (Total of income collected within the CAP allowance was £69,874.06 minus £26,365.12 previously overpaid). Difference over the cap limit = £2,033.04 = this amount would be 25% of an application/s granted after your Neighbourhood Parish Plan was adopted which is not affected by the CAP.

Confirmed by MSDC in an email dated 20<sup>th</sup> April 2022, that any income over the CAP amount for applications for 10+ dwellings will be retained by the Council and ringfenced for spend on Infrastructure projects within Thurston parish.
