9. TO CONSIDER MATTERS RELATING TO NETWORK RAIL:

- a) To receive an update on the feasibility study relating to the Thurston Station level Crossing to be carried out by Network Rail following the successful submission of an application for funds against the Community Infrastructure Levy (CIL) Bid Round Five – the Clerk confirmed that there was no update and that there was still been no date for a further meeting to discuss the final remit once the CIL bid had been approved. The Clerk reported that there appeared to be an understanding from District Cllrs. that there was money in the JLP Infrastructure Delivery Plan for upgrades to Thurston Railway Station and that the money had been ringfenced. The Clerk has asked the question as to what money had been allocated? It was agreed that there was a need to create not only positive links with the Youth

Council but also the village over the merits of having a dedicated resource. It was noted that the current management have been more approachable recently but there has been limited opportunity this year to review the provisions as set out in the contract vis-à-vis sponsored requested items. All agreed that the management issues should be pinned down with the new contract as opposed to the individual and that the Parish Council should ensure procedures were in place for these to be adhered to. Conditions that were to be imposed were outlined by the Clerk:

- duties that the PCSO is still able to attend re parking enforcement & Covid-19

So approved at the meeting of 13th January 2021

- VAS – machine downloaded the previous week – still to be interrogated by the Clerk
 - The responses to the following items reported via the SCC Highways Reporting Tool were noted by the Council:
 - Vegetation obscuring 40mph sign, Beyton Road. This has now been passed to the relevant Highways Assessment Officer to either clear himself or to raise an order for our contractors if the obstruction is more significant. Typically these are raised for 20 working day action.
 - Drainage Issues, Pokeriage Corner/Thedwastre Road. SCC's drainage contractors attended this area in September/October of this year for their annual jetting/clearing of the Highway Gullies. All were reported as operational, however several were reported as slow running. This would indicate a restriction in flow of the main line drain, rather than any issues with the gullies themselves. Our Drainage Team are aware of the problems here and have been passed all details for their review for potential future works. This has not yet been scheduled so a projected start date cannot be given. In the interim, they will always respond to reports of flooding or other issues here. They are limited to simple gully jetting for reactive orders but all reports are logged and will go towards increasing the priority with Drainage.
 - Faded markings on the crossing on Sandpit Lane. An order has been raised to have the lines refreshed here, as they are able to order these reactively. Unfortunately they are unable to order extra signage through HMOP as they can only replace missing mandatory signs.
 - Sandpit Lane – the meeting noted the intention to make it a pelican crossing which would require further work and input from the Road Safety Management Team at SCC.
- b) Planning Referrals Meeting 9th December 2020 – the meeting was advised that the planning application DC/20/00585 for the erection of one dwelling @ Harveys Garden Plants, Great Green was due to go before the MSDC Planning Referrals Committee Meeting on 9th December 2020. It was agreed that the Parish Council should make representations and continue with its objection. It was further agreed that the Planning Inspectors report for a new dwelling on Poplar Farm Lane should be reviewed and the comments at Para 11, which was very clear in its support of the Thurston NDP should be brought into the Council's submission. Cllr. Haley agreed to attend the meeting and represent the Council.
- c) to receive items of correspondence for noting only – it was confirmed that all other relevant emails had been passed onto the Councillors where applicable.
