Agenda Item 11 – High Street Safari

My understanding is that this project was very successful last Christmas. Feedback on the event included a report from HSS detailing 252 estimated players with 1,008,000 steps walked and 51K calories burned with the busiest time being around lunch.

For 2023 there is a Christmas challenge trail available to launch from 20th November. This is similar in style and involves sending players to specific areas and businesses while giving players a fun free day out.

The cost this year is £549 + vat and will include all materials.

They are also offering a package to include a Halloween trail with the Christmas one for a reduced cost of £1000.

I have contacted the Headmaster at the Primary School and he is keen to be involved again although will not be supportive of the Halloween trail.

Recommendation;

That members consider running the Christmas High Street Safari for 2023 at a cost of £549.00

Paula Gladwell
