 - f) To review the Asset Register for the period ending 17th September 2021 – Council noted the most recent asset register showing value to £249,582 and that this was fully covered by insurance to the end of September 2021 when the current insurance period came to an end.
 - g) To note that, in accordance with Council's own Financial Regulations, the RFO has carried out the annual review of the record of all insurances effected by the council and the property and risks covered thereby and confirms that the renewal quotation from the Council's current insurers provides adequate protection to help manage the risks associated with the Council's operation to a level which is tolerable – it was confirmed that prior to the annual renewal of the Council's insurance, the Clerk along with the Vice-Chair had carried out an audit of the Council's assets and responsibilities and were satisfied that insurance cover, if renewed on the same basis, but with an alternative provider, would be adequate and that having identified, assessed

and recorded the risks, appropriate measures, such as the appropriate use of insurance cover, was in place to mitigate and manage any risks associated with the Council's activities.

- h) To review and approve the change of Council's Insurance company – Clerk to provide a verbal update on the reasoning behind the change being proposed – the Clerk provided the meeting with an update received from CAS, the Council's insurance brokers, in which it was confirmed that RSA (Council's current provider) had refused to honour the LTA agreement that was in place until September 2022, due to the increase in the Fidelity Guarantee cover. Whilst the broker had tried to get them to reconsider, it appeared to be to no avail and CAS had advised that if they did not hear back from them by close of business of that day, they will assume they aren't willing to honour the LTA's. Council was therefore advised to seek alternative insurers advising them that RSA were not willing to honour the Long-Term Undertaking. The clerk confirmed that she was seeking quotations from four alternative suppliers and that to date two had provided a quotation with one indicating that they would not be interested in quoting until 2022. The meeting agreed that if no further quotations were forthcoming by the Clerk's requested date of 21st September, then Council's Financial Regulation 11h would be suspended and the Council would consider the two quotations currently received, aif. It was further agreed that once the quotations had been received by the due date, the information would be circulated to members of the Policy and Resources Committee for all to review and make a recommendation as to the Council's preferred provider. Once all information had been collated, it was agreed that delegated power be given to the Clerk to place the Council under insurance with the preferred provider, aif.
